

# Vasculogenic mimicry in malignant tumors : tumor cells in disguise

Citation for published version (APA):

Paulis, Y. W. J. (2013). *Vasculogenic mimicry in malignant tumors : tumor cells in disguise*. [Doctoral Thesis, Maastricht University]. Maastricht University. <https://doi.org/10.26481/dis.20130426yp>

## Document status and date:

Published: 01/01/2013

## DOI:

[10.26481/dis.20130426yp](https://doi.org/10.26481/dis.20130426yp)

## Document Version:

Publisher's PDF, also known as Version of record

## Please check the document version of this publication:

- A submitted manuscript is the version of the article upon submission and before peer-review. There can be important differences between the submitted version and the official published version of record. People interested in the research are advised to contact the author for the final version of the publication, or visit the DOI to the publisher's website.
- The final author version and the galley proof are versions of the publication after peer review.
- The final published version features the final layout of the paper including the volume, issue and page numbers.

providing details and we will investigate your claim.

## **Vasculogenic mimicry in malignant tumors**

### **Tumor cells in disguise**

1. De behandeling van kanker met behulp van tyrosine kinase remmers is effectief door de beïnvloeding van onverwachte en onbekende processen. *(dit proefschrift)*
2. Evenals endotheelcellen blijken vasculogene tumorcellen voordeel te halen uit hun interactie met perivasculaire cellen. *(dit proefschrift)*
3. De waarneming dat perivasculaire cellen bijdragen aan het proces van vasculogenic mimicry suggereert een therapeutische ingang. *(dit proefschrift)*
4. Vasculogene tumorcellen vertonen overeenkomsten met kankerstemcellen. *(dit proefschrift)*
5. De term ‘trending topic’ blijkt bij publiceren ook van groot belang te zijn.
6. De beste resultaten overkomen je.
7. The true method of knowledge is experiment. *(William Blake)*
8. Zoeken naar de juiste vraag is belangrijker dan zoeken naar het juiste antwoord.
9. Kansen gaan nooit verloren, ze worden misschien alleen door anderen gegrepen.
10. Wie geen fouten maakt, maakt meestal niets.

Maastricht, 26 april 2013
